My fellow REALTORS,

I'd like to introduce you One of the Secrets to my success this past year or so. My business is booming. I've topped 3,000,000 in volume in 2014.

Having good players on your TEAM is vital.... My Closings have gone thru the roof and most, when ever possible now go thru.....

COMPETITIVE TITLE AGENCY ...I'd highly recommend that you give your next deal (or six) to my friends at this title and escrow agency. JOE MCHENRY, title rep extraordinaire, his team of experts KNOW how to close deals. JULIA RUOLO-MA is their lead Escrow Officer. Same day, nights, weekends, it's almost embarrassing, they get our schedules. And they get it done! They are led by an actual Real Estate Atty, who .. Is ... Accessible. I know right?, really, Mr Robert Mansour ESQ.. Guides us in all matters legal, drafts POA's, answers questions and even meets clients for sign ups.

In all seriousness, if you want fair and honest pricing, and service at listing, at contract, at closing, if you want real people who get it that deals can be tough, that issues arise, but people that are in your corner EVERY TIME, I guarantee you won't be disappointed.

Here's to your, and my continued success long into 2015 -- (and Beyond-pun intended)
